The CLEDB was proud to assist the Town of Happy Valley-Goose Bay and 5 Wing Goose Bay host the UVS Canada 1st Student UAV Design Competition May 4 - 6. The event was held in Hangar 14, with aerospace industry representatives from across Canada and students from University of Calgary, University of Alberta and Universite de Sherbrooke. Only the Sherbrooke team flew their aircraft, as they had completed all of the design and testing and certification aspects prior to arrival. At the banquet on Sunday evening, Sherbrooke was awarded a trophy and cheque for \$5000.
